

Letter to the Shelby County Community:

On Tuesday, March 17, 2020, Kentucky Governor Andy Beshear, with guidance from the Center for Disease Control, The World Health Organization, The Kentucky Funeral Directors Association, and the National Funeral Directors Association, set forth guidelines as it pertains to Kentucky deaths and funeral services. His requirements are that **NO PUBLIC VISITATIONS OR FUNERALS** be held at this time, **ONLY PRIVATE SERVICES** with a small number of family members in attendance. In addition, CDC Guidelines dictate that **GATHERINGS SHOULD BE OF 10 PEOPLE OR LESS**.

Therefore, in accordance with the Governor's recommendations, the undersigned funeral homes in Shelby County have, **UNTIL FURTHER NOTICE, ADOPTED THOSE GUIDELINES**.

We stand united in doing our part to compassionately care for and serve our community. We appreciate your cooperation in working with us in honoring your loved ones in ways that are meaningful, and that also take into consideration current **FEDERAL AND STATE GUIDELINES** regarding public health and safety. As a caring community, we are facing the challenges that are arising with the Coronavirus.

Please know that all funeral homes are open and serving families, in accordance with these temporary guidelines, and we encourage you to reach out to us with any questions or concerns you may have.

Our nation, state, and community members remain in all our prayers.
