Initials

Section 1:

Property owner shall make certain that all material deliveries, dumpsters and equipment are off loaded on the property and **NOT** on the roadway. If any damage occurs to the roadway, along the property frontage, the property owner will be required to have the repairs made and will be responsible for all cost of the repair work to the roadway. All repairs must be made according to the specifications of the Road Supervisor and inspected by the Road Supervisor.

Initials

Section 2:

Traffic control plan shall use traffic control and signs in accord with the MUTCD manual. Location maps of permitted areas showing work locations. Shall make all repairs to surface and shoulders in locations of the permitted areas and any other areas where permittees equipment damages the pavement or right of way. All repairs must be made according to the specifications of the Road Supervisor and inspected by the Road Supervisor.
